(54) Title: METHOD FOR ONLINE MANAGEMENT OF MEDICAL RECORD FORMS

(57) Abstract: An object of the present invention is to provide a method for the online management of medical record forms, which can provide web screens through terminals to enable doctors, nurses, pharmacists, or the like to immediately online input and read a variety of information created upon treating and caring for patients in a hospital, and can add, modify, delete or manage various medical record forms provided on the web screens and images inserted into records.
